Open evening – Centre of Excellence for Modern Construction (CEMC)

Thursday 16 March 2023: 5.30pm – 8.30pm

Europe's largest automated concrete facility is based right here in Steetley.

Come along to our open evening event and enjoy a tour of our state-of-the-art facility. Learn how we are transforming the way iconic buildings are built, and find out about our goal for our operations to be Net Zero by 2030. A great opportunity to see the future of Construction and Engineering in action.

For more information and to confirm your attendance, please scan the QR code now.
